- ◆ Conclusion

The future mighty oaks

DIRECTOR'S REMARK

Children Garden Home and School has endeavored to ease the pain and suffering of these less fortunate children in our community. You were so special to us for remembering even to support us materially, financially and morally during this festive season of Christmas. Thank you for smiles you laid and gifts to these future mighty oaks

GENERAL ACHIEVEMENTS

The month of December went on well and we succeeded hence a crowning of the year. Striking factor being that the community cooker is 85% complete and will affect positively the children lives and its environs.

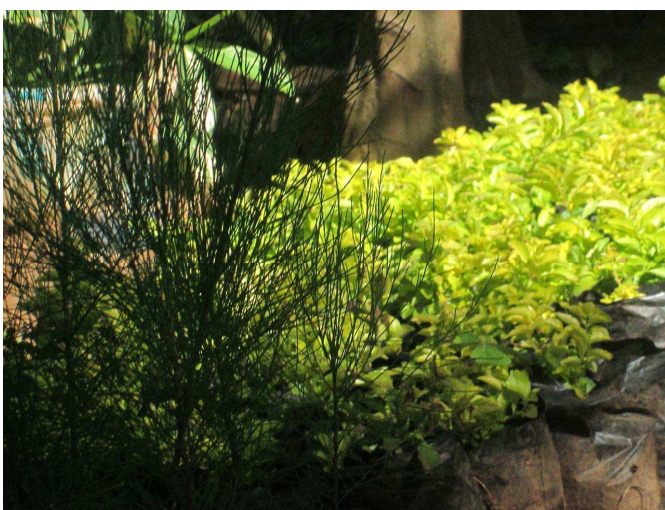

HEALTH

With increase in population due to holiday and Christmas vacation, cases of sickness were few.

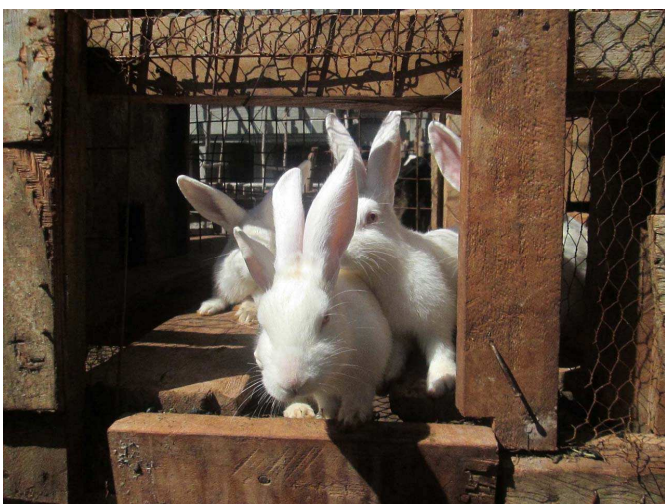

We still look forward that our need for drugs in cases of minor infections e.g. Stomachache, headache etc is fulfilled.

Thanks to a group of medical doctors from parklands, maisha poa, and others who have been of great help to us. We welcome medical practitioners to team up and assist in the many other issues in the home.

HOME ENVIRONMENT

Day to day activities and responsibilities were participated to by all the children who developed a sense of responsibility, hard work and commitment.

RABBIT PROJECT

A sustainability project which is growing and increasing fast when fully equipped will lead to subsidizing in terms of income, proteins and manure.

COMPOUND AND DORMITORIES

With our children's organization's improvements have occurred within the compound i.e. flower beds and pavements were well attended to. Flowers trimmed and nurseries were cared for. Trenches and planting of

flowers was done to prevent soil erosion due to increase of rainfall over this season.

Separation and transfer of older boys to a solace former library has created better virtues to them the girls and the small boys.

AGRICULTURE

Our vegetable garden, the green house and the nursery projects have greatly benefited from the wetness of this season. So far we've been able to partition the garden to ensure maximization of space; we intend to have water distributed to the small sized plot by piping. We seek support related to seeds chemicals, fertilizers etc

COW PROJECT

This is a major project to us. Our three cows and one calf produce twelve litres of milk daily which assists in the diets of the young children. Manure is made available to our vegetables, several challenges are being encountered in this project including lack of animal feeds and materials such as; gumboots, heavy duty groves dust coats etc.

CHICKEN PROJECT

It is growing and increasing fast a source of subsidize in terms of income, eggs and manure. We intend to expand and enlarge it beginning 2013.

POSHO MILL PROJECT

This is of great advantage to us in terms of maize flour, income and Job opportunity to the community.

POSHO MILL PROJECT

This is of great advantage to us in terms of maize flour, income and Job opportunity to the community.

EDUCATION DEPARTMENT:

Pupils and students for primary and secondary respectfully, resumed from 7th January 2013 for the start of 1st term 2013. academic levels are set as

PRIMARY SCHOOL SECTION

Entails standards one to three and standard four to standard eight lower and upper primary respectively. With the start of the new year pupils and students will be ascending to the next classes, populations expected to increase hence more staff, and other materials are required

PRE-SCHOOL SECTION

For young children from age 2yrs and the foundation level will be split into two; pre-unit/

nursery and then baby class then their classes need to be constructed since they do their sessions in the dinning hall.

SECONDARY SCHOOL SECTION

We anticipate that the year 2013 will be easier, the many challenges in terms of inadequate staff, sufficient teachers and learning materials e.g. classrooms, laboratory, books etc will be made available.

SPORTS,GAMES AND MUSIC

The children participate in various sporting, games and music activities and events, discovering and nurturing of various talents and gifts takes place at children's garden home and school. During Christmas season our musicians and dancers who are a champions and get even to National levels took every opportunity to entertain the visitors. We welcome invitations from friends, churches and individuals.

2013 NEEDS

- ◆ Secondary school blocks/ classes
- ◆ Furniture like desks, tables and chairs
- ◆ First aid kits fully equipped
- ◆ Drugs like painkillers/paracetamol
- ◆ Laboratory apparatus/chemicals/equipments
- ◆ Stationary materials i.e. pens, books, pencils etc
- ◆ Text books for new syllabus
- ◆ Computers and laptops for computer classes

CONCLUSION:

We take this opportunity to thank and appreciate all efforts you offered. This year children's Garden will be a beehive of activities therefore we seek any support towards our day to day events no matter financial, material, advice or prayers. Our school reopened on 7th January 2013.
